

SACRED HEART IS PROUD TO PARTNER AS A CARDINAL SPELLMAN NETWORK SCHOOL

Sacred Heart is proud to partner with Cardinal Spellman in order to better the experience of students in grades 6-8 by collaborating on some curricular, co-curricular, and extracurricular activities.

What is the benefit of being a Spellman Networked School?

- *Academic, Athletic and Artistic Shared Resources*
- *“Sequere Deum” Scholarship for all students planning to attend Spellman*
- *Tuition remission plan for Sacred Heart Faculty and Staff to send their children to Spellman*
- *Option to opt-out of the High School Placement Test for incoming freshmen*
- *Free attendance at all performing arts events and some athletic contests using our event pass*

Areas of Collaboration

- *Academics, Technology, Liturgical experiences, Co-Curricular programs, Performing Arts, Retreats and Tutorial Support*

Academics

Spellman commits to welcoming some members of the networked school community who may be in need of accelerated learning. They could attend classes, as often as is logistically reasonable, at the Spellman campus. Instructional support and transportation of these students would also be coordinated. In addition, the faculty from both schools would participate in collaborative curriculum mapping with the middle school math and science departments so as to create a cohesive, streamlined, and consistent curricular experiences for students from grades 6-12.

Liturgy and Co-Curricular Programs

Network schools are welcome to attend as a middle school, or as individual grade levels, all Spellman liturgies and seasonal programs, such as our Veterans Day Service, penance services, Faith Rally, retreats and other pertinent events.

Retreats

Cardinal Spellman will offer Sacred Heart the option to use our campus ministry department to host student retreats. These retreats are typically held on campus at Cardinal Spellman and would be coordinated with Spellman’s Director of Campus Ministry and facilitated by Spellman senior peer ministers.

Tutorial Support

Academic ambassadors from Spellman’s National Honor Society can offer after-school tutoring.
